

Arkad

Arkad is part of a series of products for recycling together with Arkiv and Arkityp. A furniture series that fits perfectly together and can be combined in different ways. The look is based on the archetypal shape of a recycling bin with playful and careful details that add that little extra. Typical function with atypical form.

Arkad is the purest form and comes without a handle. It is often placed on a stand as a duo or trio. Like Arkiv, it comes with various accessories, such as symbols and texts in different languages, customized lids for deposits and paper, and stands.

Design	Addi
Environment	Indoor
Awards	German design award winner 2019 Dezeen longlisted 2020
Material	The bin consists of 8-30% recycled metal and is powder coated. The powder coating provides both environmental and quality benefits as no solvents need to be added and the amount of waste is minimum. Stands and lids are made of veneered mdf in ash or oak. Castors is made from plastic.
Paint/Lacquer	Powder coated metal, wooden accessories clear coated.
Country of origin	Sweden
Preassembled	Bin: Fully assembled Stand: Partial assembly required.
Repairability	Lids can be replaced. Legs and castors can be replaced for stands.
Bag replacement	From the top
