

Arkityp
Product Fact Sheet

MIZETTO

Arkityp

Arkityp is part of a series of products for recycling together with Arkiv and Arkad. A furniture series that fits perfectly together and can be combined in different ways. The look is based on the archetypal shape of a recycling bin with playful and careful details that add that little extra. Typical function with atypical form.

Arkityp comes with wheels and has a handle in solid birch to easily move and empty the bin.

Design	Addi
Environment	Indoor
Awards	German design award winner 2019 Dezeen longlisted 2020
Material	The bin consists of 8-30% recycled metal and is powder coated. The powder coating provides both environmental and quality benefits as no solvents need to be added and the amount of waste is minimum. Knob, wheels and handle are made of birch.
Paint/Lacquer	Powder coated metal, wooden accessories clear coated.
Country of origin	Sweden
Preassembled	Fully assembled
Repairability	Lid, wheels, knob and handle can be replaced. Wooden parts can be re-lacquered.
Bag replacement	From the front by door.
