Product Fact Sheet

MIZETTO

Exhibit

Exhibit gives the hidden and unwanted a central and attractive position. Recycling with artistic pride and a well-preserved sense of childhood.

With equal parts humor and seriousness, Exhibit highlights waste sorting as in the finest art exhibition. Here, both playfulness and concern for the environment hit the mark. Why not curate your own environmental exhibition in the middle of the room, with the units at a reasonable throwing distance? Exhibit is the recycling bin that can withstand exposure. Drawers and doors have a push-to-open solution. Without handles, the impression of simple podiums is reinforced.

Design	ADDI
Environment	Indoor
Material	The cabinets are made of FSC certified mdf or chipboard. The bowl is made of plastic. Drawer rails and drawer sides are made of metal.
Country of origin	Sweden
