x1

Divider  
x1

Screws (NOT INCLUDED)  
X2  
Recommended M5 with head no  
larger than 10 diameter.

## TOOLS

screwdriver

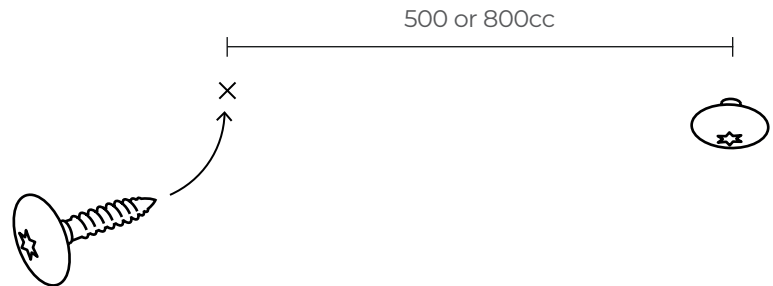

# ASSEMBLE AND MOUNT EDIT

## 1. PREPARE THE WALL

Start by measure out the right distance for the screws. 500mm for the 600 shelf or 800mm for the 900 shelf.

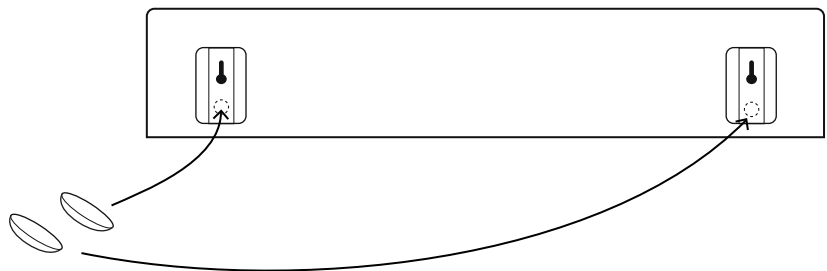

Make sure to leave 2-3mm between screw and the wall.

 For advice on suitable screws and plugs, contact your specialized dealer.

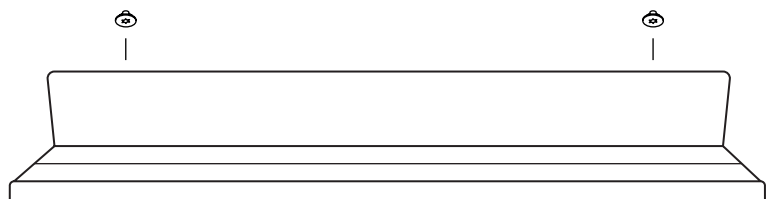

## 2. PREPARE THE SHELF

To protect the wall and make the shelf level right. Put the two included plastic protection parts under the holes for the screws.

## 3. MOUNT THE SHELF

Hang the shelf on the screws.

## 4. ADD THE BOOK STAND AND DIVIDER

Now add the book stand and divider by sliding them on from the sides.
