

Cargo
Product Fact Sheet

MIZETTO

Cargo

Playful and precise, a modular seating system built from just three seating elements—yet the possibilities are endless.

Cargo is designed for dynamic environments where flexibility and expression are just as important as function. It performs equally well in open-plan offices, schools, libraries, waiting areas, and cultural spaces—places where people gather, pass through, or pause for a while.

Frame of plywood and chipboard. Moulded polyurethane foam with fabric or leather cover. Straps in matching fabric or jacquard nylon fabric. Plastic adjustable feet. Connection fitting underneath. Three modules and can be combined endlessly. Straps and fabric can easily be removed for cleaning or replacement. The foam is separable for efficient recycling. A tray table can be integrated between the modules. Seat height 46 cm.

Design	Addi Design Studio
Environment	Indoor
Material	<p>The frame and base plate are made of FSC certified chipboard and plywood. The padding is made of molded polyurethane foam.</p> <p>Fabrics: See specific fabric list for suitable fabrics. Bands is made from nylon with or without covering fabric.</p>
