

CUT TABLE

Product Fact Sheet

MIZETTO

CUT

Cut follows the natural geometry of the tree, preserving its original contours in a form that feels both raw and refined.

With its strong architectural presence, Cut brings warmth, material honesty and sculptural character into shared environments. Built for dining, meeting and hospitality spaces.

Defined by its material, not applied form.

Design	Richard Muskala/ Mizetto Lab
Environment	Indoor
Material	Tabletop and legs in 55mm massive oak, leg brackets in painted metal. Reinforced with u-profiles in metal to prevent warping.
Paint/ Lacquer	Water based lacquer.
Country of Origin	Sweden
Standard colours	Tabletop oak or ash
Preassembled	Partial assembly required, see assembly instructions.
Repairability	Table top and legs can be repainted. Legs and brackets can be replaced.
